WEDNESDAY EVENING, APRIL 9, 1904.

Six Persons Burned to Death.

An outbreak even more dangerous than the riot at Boswell, Pa., in last January has been hourly expected at the town of Garrett, Pa., the scene of the mining operations of the Garrett Coal Company, the Somerset Coal Company and other lesser operations. Trouble has been brewing there ever since the inauguration of the miners' strike, five months ago.

A number of the striking miners at Garrett own homes there, recently the Garrett Coal Company erected a number of houses, and the bringing in of new men to occupy these houses and take the places of the strikers in the mines had worked the latter up to a high state of excitement and resentment, and for the last few days the town has been a veritable mine of indignation that might easily be exploded, with probably the result of great loss of life and property. The strikers have been parading the streets openly armed and they have prevented the giving of the household goods of incoming miners from the railroad station to the new company houses.

A horror that may or may not be connected with the strike situation at Garrett was the burning to death of two women and four children in their home at that place between the hours of 2 and 3 o'clock yesterday morning. The victims were Mrs. Rosanna Meyers, her two daughters, Lucinda and Annie, aged 30 and 8 years, respectively, and her son, Richard, aged five years. The two other victims were young children of Lucinda. The house was a one and one-half-story log building, and the women and children were sleeping in the upper story. Mr. Meyers and Jonas Sullivan, a boarder, were asleep on the first floor. They were awakened by the smoke and the noise made by the fire and had barely time to save themselves by rushing from the building. The victims in the upper story perished without help and their bodies were all reduced to ashes. The origin of the fire is unknown. It may never be known, but rumor connects it with the troubles growing out of the miners' strike. The strikers lay the origin of the fire to a number of Italians who are working for the Garrett Coal Company, but what motive the foreigners could have for such a crime has not developed. Strikers, armed with Winchester rifles paraded the streets yesterday. They say this demonstration is to prevent the Italians from leaving the community before the coroner's inquiry has been completed. They say that in doing this they are acting under the instruction of the township constable.

Robbed the Grave.
A startling incident is narrated by John Oliver, of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters, to my great joy the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only \$5, guaranteed at E. S. Leadbeater & Sons' drug store.
